

YOUR WEBSITE DESIGN & BUILD ROADMAP

How your Wise website journey will look! Hold tight - it's about to get fun!

GETTING THE INFO TO US

We don't need all the info in one-go. Our team will prioritise what we need from you and when!

STEP 02

BUILDING THE SITE

Once you're happy with the look and feel, we'll build out the entire site with content, design, images.

STEP 04

LAUNCH

We'll launch your website with on-page SEO, fast loading speeds and create a social post for you to share to your socials!

STEP 06

STEP 01

FACT-FINDING

We'll send you a information gathering form to get all the information we need to build your site.

STEP 03

DESIGN APPROVAL

We will build the homepage, header, footer and treatment page first for you to approve the design layout before we build the whole site.

STEP 05

FEEDBACK

We'll provide you a portal link to Pastel where you can annotate any changes / feedback live on the site for ease and speed.
